

White text on lower part of screen. Waru. Journey of the small turtle.

The image is mostly luminous blue, with delicate wisps of white all over the blue. There are pale dots of pink and white, like stars, across the top of the image. One wisp of brighter yellow drops from the top down the left side. On the right side of the image is a sketch drawing of a coconut palm, brown trunk and green branches. The palm tree is on a very small island. In the shade of the palm tree a makeshift hut, also sketched, and an outside shower. A small green turtle is making his way up the left side of the island toward the hut.
